There were many official changes made around the court house yesterday. Simultanceusly with the change of state officials at Topeka came the change of officials in the county. Early in the forenoon many politicians straggled into the court house for the purpose of witnessing the change, As the noon hour approached the crowd swelled, and as a result the corridor and all of the offices were filled. The newly elected officials had all filed their bonds and taken their oaths several days before, so all there was on the programme for yesterday was the mere matter of taking possession. The first one to assume charge of office

was T. T. Hoffman, clerk of the district court. He and his deputies went into the office five minutes before noon. There they met Clerk Towner, who received them, and without any ceremony gave them possession of the office. A complete statement of all money to be turned over to his successor in the various cases had been prepared, and the statement was given to Mr. Hoffman. It showed that the amount was "Here is a check for the amount," said Mr. Towner, and he handed the new clerk a piece of paper that called for that amount. This ended the reign of one of the most accommodating officials Wyandotte county ever had. He then left the office. Mr. Hoffman and clerks then pulled of

The Kansas City, Kas., branch of the Journal is now located in the main room of the Chelseucessor, J. P. Angle. As Judge Monahan walked out he gave a sigh of relief and stated that once more he was a free man. The first official act of Judge Angle was to grant a marriage license. He was aching to perform a marriage ceremony, and offered to perform it free of charge. The couple did not see fit to take the couple did not see fit to take the couple and not see fit to take the couple did no to perform a marriage ceremony, and offer-ed to perform it free of charge. The couple did not see fit to take advantage of the offer, however, as they had made other arrangements, and so be was disappointed. E. S. Merrill, the recently elected county commissioner, took his office, and the board roorgonized by electing Major E. S. W. Drought chairman, and E. S. Merrill pur-Drought chairman, and E. S. Merrill pur-chasing agent. According to custom it was Commissioner Jack's turn to be chair-man, and the other members insisted that he take the position, but he emphatically declined. He said that he lived too far out of the city to attend to the duties, and for that reason did not feel as though he would be doing right to accent it. be doing right to accept it.

There was less commotion in the county superintendent's office than any of the others. This was due to the fact that Mrs. Fannie Reid Slusser succeeded herself.

For the first time in many years the "joints" in the business portion of the city are closed. On many of the doors hangs "To rent"

This is due to the change in county attorney's office, which was made at noon yesterday. Someone noised it among the "jointists" that the new county attorney "jointists" that the new county attorney would begin proceedings at once against the "jointists." This scared many of them, and as a result they shut their doors. None of the "joint" proprietors have removed their fixtures. The fact of the "joints" all closing is being used an argument by certain citizens that the ex-officials really wanted to clothem they could have done so.

Legislature to Amend the Present Law.

Jefferson City, Mo., Jan. 14.—(Special.) In the course of a day or so a bill amendatory of the libel law will be introduced simultaneously in the house and senate. It is very generally agreed that the present law, as it relates to libels by newspapers, is oppressive and unfair and makes no allowance for inadvertance or mistake. Under the present law newspapers must absolutely instify by proof any statement made or suffer by suit not only actual, but also exemplary damages, and an explanation, correction or denial is not taken by the courts to mitigate damages. That such a law works a hardship is beyond denial, and while the bills to be introduced will not grant to newspapers an immunity in cuses of reckless and libelous misstatements uncorrected, the law will be so amended as to release newspapers from exemplary damages when it shall appear that the liber was published through a misunderstanding of facts and was corrected in form, place and manner, and then only actual damages may be had. Such a bill, if it passes, will encourage time and money saving compromises by removing the hope of very large dam-

ation, inflammation, and that common and most debilitating drain from the liming membranes caused thereby.

Many times women call on their family physicians suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion, or prostration, another with pain here and there, and in this way they all present alike, to their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he prescribes [his pills and potions, assuming them to be such, when, in reality, they are all only symptoms caused by some worm discrete. The physician, ignorant of the cause of suffering, encourages his practice until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent better, but probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured."

A few years ago I took Doctor Fierre's Favorite Prescription, which has been a great benefit to me. I am in excellent health now. I hope that every woman, who is troubled with 'woman's ills, will try the 'Prescription' and be benefited as I have been." MRS. BATES. "Falling of Womb." Mrs. JOHN M. CONKLIN, of Patterson, Patnam

MRS. CONKLIN.

Disease of Womb.

Mrs. CORA S. WILSON, of much for Dr. Pierce's Favorite Prescription. I feel it my duty to say to all women who are suffering from any disease of the uterus that it is the best medicine on earth for them to use; I cannot praise it too highly for the good it did me. If any one doubts this, give them my name and address.

The Prize Baby.

DR. R. V. PIERCE:

Dear Sir—I would like to express my gratitude to you for the benefits I have received from your wonderful medicine—"Favorite Prescription." It is a god-send to womankind, restoring health without subjecting their weak nerves to the shock of an examination with the result that inevitably follows—"bead explications." After suffering years of untold misery at the hands of our best physicians, and taking treatment at the most noted mineral springs. I at last found relief from my allments, complicated as they were, in the life-prescrying qualities of "Favorite Prescription." It also prevented miscarriage; by taking it according to directions. I was able to go through the allotted time, which I had not done before in seven years, and gave birth to a bright, licalthy child—a. "Frize baby." She received fifty dollars in cash prizes before reaching the age of two years.
